the script is entitled building estimates and rates build up and aims at empowering technical educators technical brigades and community colleges students apprentices and individuals in the building profession with the necessary skill and knowledge as an experienced professional in the building industry quantity surveyor building material estimator and a former lecturer for technical colleges i have realized that there is need to come up with a book that will help students apprentices and individual builders to easily understand the subject of estimating and rates build up to enable them to apply the skill whenever they have projects currently individual builders apprentices and students find it difficult to correctly and accurately estimate the quantities of materials required for proposed projects pricing is also a difficult task for most of them as they do not have an idea of how to build up rates presently our brigades and technical colleges do not have a relevant book to deal with estimates building estimates and rates build up provides a solution to such a problem the book provides a solution in that it brings together pure mathematics and practical estimation to avoid a situation whereby students end up failing to realize that the same formulas that are used in mathematics math are applicable in the estimates i strongly believe that the book will be able to even penetrate the international market

laxton s gives you access to the most reliable and current data all 250 000 price elements have been individually checked and updated for the 2002 edition so that your estimates are always accurate and cost competitive laxton s makes analytical estimating simple and straightforward by displaying a complete breakdown for all measured items under 10 separate headings all on a single page this shows you a complete price build up at a glance and gives you the option to make price adjustments wherever necessary you can find the sections you need quickly and easily via the special marker system on the front cover and page edges the free cd with this price book contains masterbill s estimator software and fully resourced data on all the price elements in laxtons not only does the cd offer fast and efficient pricing at the touch of a button it gives details of all the resources required to do the job laxton s approximate estimating section gives all in pricing for quick reference on the cost of composite items such as floors helping you calculate the cost implications of using plywood sheeting rather than softwood boarding for example laxton s basic price section gives you a quick price on hundreds of items from concrete work to roofing materials to save you going through hundreds of lists from suppliers manufacturers and building merchants laxton s brand and trade names section lists over 12 000 brands and trade names and company addresses to help you locate specific items latest wage rates fees and allowances all 250 000 price elements checked and updated

now in its 179th edition laxton s has become a firm favourite in the uk building industry with more prices and more in depth build ups laxton s offers more practical and complete information than any other price book available this new edition takes into account major price variations that stem from raw material costs in the last few months higher fuel costs have impacted on prices across the board in particular costs of non ferrous metals in

increased copper sheet and pipe show prince increases of well above 50 in the last year while zinc lead and aluminium prices have also risen significantly there are savings in plaster and drainage goods prices are down all the prices in laxton s are based on the new 3 year construction industry joint council wage rate agreement that came into force at the end of june 2006 saving you time comprehensive basic price and approximate estimating sections make putting together outline costings quicker and easier saving you effort all the information you need on each measured item is clearly set out on a single page with a full break down of costs saving you money all 250 000 prices are individually checked and updated to make sure that your tender costs are precise
